

# June 2024 Newsletter

## Monarch Park Planting Events

Thank you to everyone who joined us on May 25th and June 8th at Monarch Park. With over 150 volunteers, we planted 650 trees & shrubs and 200 wildflowers. We would like to thank York Region and Alectra for providing financial support and the City of Markham for providing the mulch and the wildflowers.

Photos of the event have now been posted on our Facebook account:

[www.facebook.com/10000trees](http://www.facebook.com/10000trees).

## Summer 2024 Stewardship Events

This summer, we will be maintaining our previous planting sites by adding mulch and weeding around newly planted trees. By adding mulch, we will help the trees compete against weeds and retain moisture in the soils.

Events are drop-in and will be held every other week on Saturday mornings. No registration is required. All are welcome to join including those that need high school volunteer hours. For all of the details, please go to our website: [www.10000trees.com](http://www.10000trees.com).

## Fall 2024 Planting Events

Two Fall planting events are planned this year.

- September 28: we will be at Austin Drive Park (McCowan and Highway 7) in Markham.
- October 19 and 20: we will be back at Rouge National Urban Park at our 2023 site to add another 2,000 trees.

Registration will begin in August.
